FJ Doyle Salvage, Leonard, Fannin County, TX

-

On November 5, 2018, the EPA participated in an availability session at the Leonard High School from 4:00 – 6:30 pm. The EPA met with 3 people from the public but only 1 resident of Leonard. The school had sent out a letter to its parents and teachers and the local Newspaper, The Leonard Graphic, put an article in the newspapers promoting the availability session. Based upon the turnout, the EPA believes that the local residents have no concerns about the EPA's pending actions although we will make ourselves available to the local media and public as requested.

Send me a text tonight and let me know how things go and if any press show up.

By 8 45 am tomorrow am, I need a short paragraph on how meeting went, who/how many attended, any congressional reps?, etc. tx
